**COVID-19: What You Need to Know
GENERAL GUIDELINES FOR VISITORS**

Below are recommendations we strongly advise all schools and citizens within the Lake and Peninsula Borough to follow to help minimize the risk of COVID-19 and allow schools to stay open. **Visitation to our schools:**

- Whenever possible, visitors (to include parents) should communicate with the school prior to their arrival.
- Visitors will be required to abide by the school's Covid Protocols (masks, distancing, etc.)
- Just like our students, visitors will be required to health screen prior to entering the school.
- Visitors from outside of the region will be required to show negative test results.
- Prior to arranging for presenters to come into a village the teacher or school will request permission through the District Covid Committee.
- LPSD employees (itinerants, maintenance, etc.) will abide by the above recommendations.
- Volunteers will be allowed in a low-risk scenario. Volunteers must adhere to all of the same safety requirements as LPSD employees.

The District will support and comply with all village mandates, we expect visitors to our district will do the same.

Individual Communities do have the ability to strengthen the requirements/recommendations. It shall be the responsibility of the Village Covid Advisory Committee to provide, in writing, those requirements.

Should a situation arise where a community is designated yellow or red, visitation to our schools will be limited and by appointment only.

August 24, 2020

Current operations, policies, and procedures in regards to COVID issues will be reviewed on an ongoing basis.
